

Dear Nicholas,

Alas! An incorrect reply. Although I'm sure you're eager to try again.

For your memory's sake, here's that petulant riddle again:

It is a 5 letter word. If you take away first letter, it is something you get from the sun. If you remove the third letter, you get a word to use when pointing. Remove the fourth letter you get something to drink. What is it?

Hopefully you'll have better luck this time!

*Sincerely,
Old School Still Cool*
